

**Ms. Crocker earned her Bachelor of Science in Elementary Education with an endorsement in Special Education from the University of Vermont, and a Master of Arts in Counseling and School Psychology from Boston College. She has twelve years experience working in a residential and alternative school setting. I have been the kindergarten teacher here since the fall of 2010.**

**Ms. Crocker enjoys spending time with her four children, attending their academic and sporting events, visiting the ocean to play in the waves, kayaking local ponds and lakes, getting lost in a good book and working in her flower gardens.**

*Why I love teaching at Chelsea . . .*

*As a Chelsea graduate, I was delighted to return and be a part of perpetuating the intimate sense of community that only a small school can offer. As a student, I remember how meaningful it was that all the adults in the school knew my name and showed concern for my well being. As a teacher, developing such connections with children and their families helps me to nurture each child's unique emotional, social and educational growth. As a faculty member, I work with supportive colleagues who are willing to answer questions, share their perspective and collaborate on whatever challenges I encounter. It is a pleasure to teach at a small school with such a big heart and caring sense of community!*
